Review of the Accidents/Incidents from the last 2 month-11

Thomas Oliver(guest):

Topic: Public transit stop across by the Mountain View Funeral on Steilacoom Blvd SW. There is no crosswalk directly across to the Public transit stop.

Issue: Currently, no accidents have occurred from students jaywalking across Steilacoom Blvd SW. Thomas Oliver has contacted the city and found out, it will cost \$750,000 for a crosswalk and light.

Options: move the transit stop closer to crosswalk or put in a new crosswalk with light. To move the transit stop, we will need to contact Pierce Transit.

Plans: Contact Mountain View Funeral and Pierce Transit.

Concerns:

- Standing water located west side of building 8 (maintenance was made aware)
- Lighting by the main entrance of building 8 is out. (maintenance was made aware)
- Masks for building 15 (some departments had extra and were able to spare some from their department)
- Graffiti by building 23. What are the steps in getting it resolved. Suggestions were: work order plus entering find on Better CPTC.

Presentation:

March 1st and May 27th a representative from the All Hazard committee will presenting a couple of slides of safety issues and what has been addressed.

Next meeting: 02/27/2024 at 2:00

hybrid: building 19 room 107 and/or Zoom
